ARLINGTON VA 22204-1382

NGB-ARC

21 FEB 2008

MEMORANDUM FOR The United States Property and Fiscal Officers of all States, Puerto Rico, US Virgin Islands, Guam and the District of Columbia

SUBJECT: National Guard Chapter, American Society of Military Comptrollers (ASMC) Professional Development Institute (NG-PDI '08) 21-24 April 2008

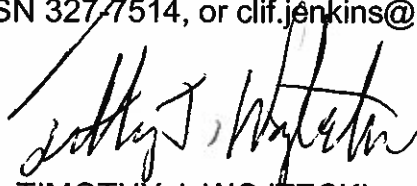

1. The National Guard Bureau, Army Comptroller Division, in partnership with the National Guard Chapter, American Society of Military Comptrollers, is pleased to announce the dates of our annual Professional Development Institute, 21-24 April 2008. This event will be conducted at the Wyndham Resort, 8001 International Drive, in Orlando, Florida, 32819. Travel days will be Sunday, 20 April and Friday, 25 April 2008.
2. The theme for the NG-PDI '08 is "Waves of Change". All of you will recognize why this is such an important theme for the ARNG. NG-PDI '08 will focus on the sweeping changes we are facing as the ARNG moves to completing our transformation from the antiquated cold war methodology to an operational force in the 21<sup>st</sup> century. As we migrate to DIHMRS, GFEBs and the full implementation of DTS, as well as other initiatives, we will continue to promote education, training and professional development in all aspects of ARNG resource management. There is a tremendous line up of featured speakers and outstanding workshops enabling navigation of the "waves of change" for resource management within the ARNG.
3. This event started with a target audience of financial managers, budget officers, staff accountants, operating accountants, and supervisory financial technicians within the USPFO in 1998. Part of the ARNG transformation has been to expand this event to include **"ALL"** personnel with a resource management mission, such as Chiefs of Staff, J-Staff Directorates, USPFOs, Deputy USPFOs, Internal Review Auditors, Budget Analysts and Program/Activity Managers at both the state and NGB levels. This initiative was implemented to improve the **"quality"** of ARNG resource management and close the gap between NGB and the States to foster a more productive relationship for resource management with the ARNG.
4. In addition to the outstanding line up of featured speakers and workshops there are many opportunities and events for you to enhance your knowledge and skill sets while networking to share your experiences. I look forward to seeing you all in Orlando in April 2008.
